# A PERFECT PARADISE

### IBIZA, WEDDING DESTINATION

In recent years, the island of Ibiza, an international tourist landmark, has become the chosen destination to organise and celebrate one of the most important days in the life of a couple, the moment of the lifelong commitment and the "I do".

Nowadays, many couples want to organise a wedding with a difference, with a special charm, in keeping with their personality and often in a different place from their usual residence.

Couples choose Ibiza as a destination for their wedding, in spring, summer and autumn, while taking the opportunity to spend a few days of holiday with family and friends. As a result of this growing interest, many tourist services companies have started to specialise in the bridal sector and a high-level business network has been created, so couples can find a wide range of fantastic locations to get married **overlooking the sea or in the heart of the island**, as well as villas for smaller weddings and all kinds of specialised complementary services such as wedding plans, make-up and hairdressing, catering, video and photography, DJs, artistes, confectioners, etc., in addition to the regular tourist services such as restaurants, hotels, bus services for transfers, boat rentals and a large number of sports and leisure activities to organise a perfect pre or post wedding.

Couples from all over Spain come to Ibiza to get married, in search of a wedding with a special charm, but it is also a very popular destination for British, Germans, Dutch, Italians or Russians, who although they formalise their marriage in the place of origin,

choose Ibiza to organise their celebration with a master of ceremonies and not only the banquet and party, but other activities to share with their guests during the days before and after the wedding.

Ibiza is a perfect destination not only to celebrate your wedding, but also to enjoy an unforgettable and romantic honeymoon.

For all these reasons, [www.ibizadestinobodas.net](http://www.ibizadestinobodas.net) was created with the aim of concentrating in a single website all the information for couples who choose the island to celebrate their wedding in a unique setting.
